MOHD SAAD KHAN

BCA STUDENT | ASPIRING SOFTWARE & AI/ML PROFESSIONAL

Phone: [Add phone number]	**Email:** [Add email address]	**Location:** Bhopal, Madhya Pradesh

PROFESSIONAL SUMMARY

Motivated Bachelor of Computer Applications (BCA) student with foundational knowledge of Python, C/C++, HTML, CSS, SQL, and DBMS, along with introductory AI/ML concepts. Interested in building practical projects, strengthening problem-solving skills, and learning through hands-on development. Seeking opportunities to grow through academic projects, internships, and entry-level technical work.

EDUCATION

Bachelor of Computer Applications (BCA)

The Bhopal School of Social Sciences (BSSS), Bhopal

Currently pursuing | Add expected graduation year

Class XII

78.6% | Add school name and passing year

TECHNICAL SKILLS

Programming: Python (Basics), C, C++

Web Development: HTML, CSS

Database: SQL, DBMS fundamentals

Emerging Technologies: AI/ML fundamentals

Tools: Add tools you have used (e.g., VS Code, Git, MySQL)

PROJECTS & PRACTICAL WORK

Programming Fundamentals

- Practised beginner programs involving variables, conditions, loops, functions, and basic problem-solving.
- Created practical exercises such as number swapping, palindrome checking, factorials, and multiplication tables.

Web Designing Coursework

- Worked on introductory web-design tasks using HTML and CSS as part of coursework.

Replace or expand these entries with your actual project names, links, and details.

STRENGTHS

Willingness to learn • Problem-solving mindset • Attention to detail • Interest in technology

CAREER OBJECTIVE

To develop strong software development and data/AI foundations through practical projects, collaboration, and continuous learning.
